

## SWVADA April 27 Show At GHEP:

An intrepid crew consisting of Lori Bowman, Nikki Haber, Rachael Roy, Sarah Tweedie, Vikki Campo, Muffin Smith, and Meredith McGrath braved reports of “severe thunder storms and winds strong enough to produce tornados” to set up the ring the afternoon before the show.

The following morning only one short side remained, as high winds had blown parts of the ring clear over the arena fence into the adjacent field. Luckily, Meredith had the foresight to stake out the four corners, and run a twine around it during set up. This proved a valuable guide to resetting the arena. Thanks to Meredith and a hard-working young man named Carter whose mom was showing, the ring was ship-shape in time to start the show.

Although a small show, competitors all seemed happy and had good comments about our judge, Robyn Nunnally. Many thanks to all the volunteers who helped make this show a success.
